2. **PROBLEM STATEMENT**

Despite the effectiveness of Law Enforcement operations in Overstrand Municipal Jurisdiction, there is currently no application process in place for recognised institutions.

3. **INTRODUCTION**

This policy has been created to ensure that Overstrand Municipality, its employees and relevant stakeholders comply with good practise, transparency, responsibility and accountability in respect of the requirements of the Protection of Personal Information Act, Act No 4 of 2013 when operating Council LPR and CCTV data storage, security and signage.

4. **PURPOSE**

Overstrand Municipality (OS) endeavours to provide a safe and secure environment to protect its staff, councillors, public and the interests of our ratepayers. Closed Circuit Television (CCTV) and License Plate Recognition (LPR) cameras are installed and operated for one or more of the following purposes:

- Improve public safety
- Monitor traffic movements
- Monitor compliance with Council bylaws
- Monitor illegal activities

Improve staff and councillor safety

Improve security and determine criminal activities in public spaces including Council premises and recreational facilities e.g. Blue Flag Beaches, monitor trespass on Council premises. Manage Council assets and infrastructure.

5. **DESIRED OUTCOME**

- 5.1 This policy aim to regulate all CCTV and LPR operations on Council property.
- 5.2 Promoting the use of CCTV and LPR cameras, as a mechanism to determine and promote a safer town.
- 5.3 The Policy establishes a uniform and comprehensive set of standards and assessment criteria to assist in the control, development and installation of CCTV and LPR infrastructure on Council structures in the jurisdiction of the Overstrand Municipality. A written agreement in this regard, between the Overstrand Municipality and the applicant, will be entered into, once the application is approved.
- 5.4 The policy will enable the registration of all CCTV and LPR cameras currently on the Council's structures, infrastructure and land by 31 December 2019.
- 5.5 The policy shall allow for improved security by providing for reasonable connecting mechanisms e.g. either by physical or via fixed or non-fixed line when required, to allow the Fire Services CCTV Control Section access into the applicant's CCTV system, to view the public area via CCTV.
- 5.6 If there is benefit of a private and external CCTV camera to the Protection Services Directorate the Overstrand Municipality will subsidize the monthly electricity usage for each individual third part camera.
- 5.7 Overstrand Municipality may consider the possibility of paying, in full, or part thereof, the installation fees for Municipal approved Special Rating Area, Community based Organisations, Neighbourhood Watches and Community Policing Forums (registered with Department of Community Safety) of the actual cost involved to install a pole for one or more cameras, including the electrical connection to such entity or any other relevant factor which the Overstrand Municipality could consider.
- 5.8 The Overstrand Municipality may consider installing additional poles for the sole purpose of CCTV surveillance if there is no existing municipal pole that can be used.

- 5.9 The Overstrand Municipality will welcome cross-subsidization of systems from third party applicants, for impoverished areas. As written agreement will be entered into between the donor party and the Overstrand Municipality, or the receiving party.

## 6. **STRATEGIC INTENT**

The Policy seeks to align with a number of overarching strategy documents that inform the Overstrand Municipalities work, namely:

- 6.1 The Integrated Development Plan (IDP) e.g. improve a safe and healthy environment.

## 7. **POLICY DIRECTIVES**

- 7.1 This policy applies to private and external CCTV cameras, installed on Overstrand Municipal land and infrastructures as well as private property, monitoring the Overstrand Municipal public areas and those CCTV cameras which forms part of a broader CCTV network.
- 7.2 This policy is intended to regulate and not restrict the erecting of CCTV infrastructure on Overstrand Municipal structures.
- 7.3 This policy is applicable within the boundaries of the Overstrand Municipal jurisdiction.
- 7.4 This policy has transversal implications, as it affects the various departments responsible for the structures, where CCTV systems will be installed.
- 7.5 Overstrand Municipal departments are not required to follow the application process, but merely register the locations of the CCTV cameras with the Protection Services Directorate of the Overstrand Municipality, for documentation and database recording purposes using Annexure 37.10.

## 8. **ROLE PLAYERS AND STAKEHOLDERS**

- 8.1 Protection Services Directorate Overstrand Municipality:
- 8.1.1 The Traffic Law Enforcement Department is responsible for the implementation and monitoring of this policy.
- 8.1.2 The Traffic Law Enforcement Directorate shall review all applications on a monthly basis or as deemed suitable by the Senior Manager Traffic and Law Enforcement Department.

8.1.3 All applications shall be submitted to the Traffic and Law Enforcement Department that shall facilitate the smooth application and registration process of CCTV cameras.

8.1.4 The Traffic Law Enforcement Department shall maintain a control database of CCTV cameras in the Overstrand Municipality.

## 9. **TRANSPORT**

9.1 The Infrastructure Directorate for the Overstrand Municipality is responsible to advice on the way leave process, whereby an application is made to place third party structures on municipal property, consider the placement of the CCTV camera/equipment on a Municipal structure or open space and to verify that the technical aspects of the application meet the structural and durability tolerance within the necessary limits.

9.2 The Electricity Department will be responsible for advising on the way leave process for electrical supply issues and to verify that an electricity pole or light pole will meet the structural and durability tolerances within the necessary limits, to accommodate CCTV camera and related equipment.

## 10. **OTHER MUNICIPAL DEPARTMENTS**

10.1 Any line departments required to facilitate application process will have a representative to liaise with the Senior Manager Traffic and Law Enforcement.

## Annexure 36.5

### OVERSTRAND MUNICIPALITY STRUCTURE SPECIFICATIONS

#### Electricity Services

##### **Infrastructure Cameras and Connection Boxes will be allowed on:**

- Low Voltage Distribution Main Poles only, i.e. only electricity poles that have mains wires on and that form part of the Low Voltage Overhead Line Network.
- No camera's or connection boxes for cameras are allowed on streetlight poles or standalone distribution poles.
- Only two cameras allowed on any such pole.
- Wireless antennas are not allowed to encroach on the minimum clearance as listed below and must be aesthetically pleasing.

##### **Installation allowed on LV Distribution Mains Poles**

- The electrical connection from the mains wires will have to be done by the relevant Construction Section of the affected Distribution District. Cost to be determined by District System Development. It will be a fixed rate tariff, no meter.
- The camera installation is to be SANS 0142 compliant and a Certificate of Compliance to be issued by the contractor installing the electrical connection box prior to switch on.
- The camera installation to be at least 1m below any streetlight luminaire, where there is no streetlight luminaire, the camera installation to be 1m below the overhead line conductors.
- All cable and wire used to be UV rated and properly terminated via a gland.
- If deemed necessary there shall be earth leakage provided by the installer of the camera equipment.

##### **Installation of Cameras and Connection Boxes other than on Distribution Mains Poles**

- In areas where the Low Voltage Network is underground and only streetlight poles exist, no cameras or connection boxes will be allowed to be monitored on the streetlight poles.
- In this case the requestor will have to provide and install a suitable pole as per the industry standard and install the equipment on it. A maximum of two cameras allowed per pole.
- The cable should run internally in the pole and no cables to be visible on the outside.
- The requestor is to provide and install the supply cable up to the allocated mains kiosk and leave enough slack/spare for the cable to be terminated in the kiosk. No joints allowed.
- Connection fee and fixed rate tariff to be provided by District System Development. All work to be in accordance with Electricity B-Laws and SANS 0142. A Certificate of Compliance is to be provided prior to switching on.
- All way leaves and the necessary permits to be obtained by the contractor installing the cable and pole/s.

##### **Reasons for not installing on streetlight poles**

- It is not acceptable practice to have two separate supplies on one pole.
- The streetlight poles are not designed to carry boxes and cameras on them.
- The maximum bending ratings of streetlight poles are not the same.
- Streetlights are not designed to support ladders for maintenance purposes.

### **Other Comments**

- Camera weights and dimensions to be provided.
- Connection boxes to be standard and the same colour as existing boxes on Electrical Services infrastructure.
- Electricity Services not responsible for cleaning and maintaining cameras.
- No Electricity Service Aerial Platform may be used by the contractor for installation, maintenance or servicing of the camera.
- All requests to be treated as projects run by District System Development and Construction in the Overstrand jurisdiction.
- No camera or other CCTV equipment to be installed on Medium or High Voltage Overhead line networks.
- Camera casing to include permanent display of contact details such as telephone number of the responsible person to be contacted with respect to the camera installation.
- Electricity Services shall not be held responsible for any damage as a result of this pole getting damaged, the camera equipment being vandalized or the camera malfunctioning as a result of any supply related problems.
